

What Dads Add

Supporting Parents and families

Fathers play an important role in the upbringing and faith life of their children. Sometimes though, fathers may feel less equipped for their task as a parent.

Mothers' Union resource '*What Dads Add*' aims to encourage fathers and to make them feel valued. The credit card sized booklet is designed to be given to fathers when their child is born or baptised to encourage them in their role as 'Dad'.

Discuss how to use these cards with the parish priest and any team that work along with the clergy to welcome families to church. It is also good to consider what might be the most effective way to offer these cards to fathers.

The cards cost £1 for 10 copies including postage. For orders please contact the central services team on mu@mothersunion.org or telephone 020 7222 5533.

For general guidelines about setting up and developing outreach initiatives, go to the members' section of the Mothers' Union website www.mothersunion.org
