

# Clothing for Refugees

## Building communities (Chichester)

Mothers' Union members in Chichester support refugees at Gatwick airport and the Cedars Centre, the first immigration detention centre in the UK for families with children.

At Gatwick airport members provide clothing and maintain a clothes store for detainees. They also provide cards and presents for Christmas.

At the Cedars Centre members provide toys in a bag for children of families who are being deported from the UK.

*"It's so nice to receive clothing and Christmas presents while we are here as no one else will be thinking of us at this difficult time."*

For general guidelines about setting up and developing outreach initiatives, go to the members' section of the Mothers' Union website [www.mothersunion.org](http://www.mothersunion.org)
